

# HEALTHY COOKING

## ▶ LOW CARB NASI LEMAK

In a medium pot over a medium heat, stir together coconut milk, water, ground ginger, ginger root, salt, and cauliflower. Cover, and bring to a boil. Reduce heat, and simmer for 5-10 minutes, or until all liquids have absorbed.

In a hot pan add the oil, anchovies, garlic and shallots, cook until heated through and browned. Add the sambal olek and stir until heated through (1-2 minutes).

Divide the cauliflower rice mixture on to two plates, top with cucumber, egg, peanuts and sauce.
